I can only hope E-Bay and Paypal steps in on the 7-3-18 and I receive a refund. Cal 03/03/18. March 5th 2018 Update: Fuji Micro Inverter/Generator F6200RI Hi [name removed], Today is Monday 05/03/18 2.18pm and at this stage I have paid for a Inverter/Generator which is faulty (Revving excessively and No 240 volt AC power output).

### **Fuji Micro F6200RI | ProductReview.com.au**

Among the quietest generators on the market, the Fuji-Micro is as discreet as normal speech, producing a mere 58dB at a distance of seven metres. What's more, it generates a 100% pure sine-wave current without surges, making it perfect for sensitive electronics such as computers and smart devices. If tipped over, the unit's automatic shutdown kicks in, and for added peace-of-mind it has ...

Inverter Generator Operation Running in period: The first maintenance we should do with any iTechworld inverter generator is to take the time to run it in. The same way you would with a car. To start the generator for the first time it is best to use the pull rope. There is a choke lever for the pull rope inside the Oi
