You've come to the right place. You'll learn exactly what music publishing jobs there are, how to set up a music publishing company, income streams, the types of contracts involved and how to seize opportunities for your company. Music publishing makes up a small part of the global music industry but generates some big numbers.

How To Start A Music Publishing Company: The Complete Guide

Steve Winogradsky's "Music Publishing - The Complete Guide" is the perfect resource for music industry veterans and those just starting a music business career. It all starts with a song and understanding how 1) a song makes money; 2) who gets paid; and 3) who owns the rights to the song.

Music Publishing: The Complete Guide

The history of music publishing and its importance in today's modern industry can be traced back to the late 1800s. In New York City, a small neighborhood that came to be known as Tin Pan Alley housed a collective of music publishers and songwriters, who connected to create and release popular music outside of the religious and classical genres.

It is a combination of generalized music business topics as well as cases and possible scenarios within the music business while providing explicit details. I would HIGHLY recommend this book and author for anyone wanting to learn the ins and outs of the legal side of the music industry, especially the publishing side.

Amazon.com: Customer reviews: Music Publishing -- The ...

The services process involved in the Music publishing industry depends on the niches of music publishing a company is into. On the average, the process starts with bidding or submitting proposal for a music contract with an artiste, once the contract is won, then it is expected for the entire contract document to be signed and advance payment made as required.

Starting a Music Publishing Company - A Complete Guide

A terrific primer for aspiring music publishers, songwriters and related fields. The music business has grown more complex and this book will help navigate the increasingly choppy waters. A little technical and legal in spots but overall, Winogradsky did a superb job of making the complicated a lot more understandable.
