Patterns of Democracy ...

Chapters 1-4 call our attention to two competing types of democracy. The first, majoritarian or Westminster democracy, is what most people immediately think of when they think of democracy: A legislature elected by a simple majority of the voters governs, and voters throw the ruling party out if it governs poorly.

Summary of Lijphart: Patterns of democracy -- Adam Brown ...

Of the first five variables, being a country that by a large margin has the first option (for instance, a two party system) means that the country is majoritarian. The second would be a consensus democracy (in this example it would be a multiparty system). Of the last five, the first option of each variable means centralization.

democracies using these attributes. He finds consensus democracies to be "kinder, gentler" states, having lower incarceration rates, less use of the death penalty, better care for the environment , more foreign aid work, and more welfare spending - qualities he feels "should appeal to all democrats". [2]

Arend Lijphart - Wikipedia

"Patterns of Democracy is comparative politics at its best: theoretically focused, institutionally detailed, and compelling in its arguments about the links between party systems and electoral system and other elements of constitutional choice."—Bernard Grofman, University of California, Irvine

Patterns of Democracy on JSTOR

The book Patterns of Democracy:
Government Forms and Performances in
Thirty-Six Countries compared
consensus democracy vis-a-vis
majoritarian democracy as society's
anchor towards societal and economic
development. Through its discourse. it
made apparent that consensus
democracy exhibits a more mature type
of democracy as it better responds to
many of the modern-day community's
societal and political issues such as
women's rights. environmental
consciousness and voter's turnout.
