The privacy advocates : resisting the spread of ...

The Privacy Advocates: Resisting the Spread of Surveillance is an interesting book, because it is the first of its kind where the agents who are on the ground fighting the fight for privacy are examined. Given Bennett's extensive relationships with various data authorities and advocates, we get a very revealing glimpse into the lives, histories, and motivations of the major players in Canada, the US, and a handful of international advocacy groups.

Review: The Privacy Advocates - Technology, Thoughts ...

While surveillance and privacy studies have expanded massively in recent years, it is notable that the political science perspective on privacy still seems to be under-developed. With the risk of exaggerating, a brief glance of contemporary privacy and surveillance studies exposes three main signiï cant types of approaches.
